

# TR50 HEAT SHRINK MACHINE

## TECHNICAL DATA

|             |               |
|-------------|---------------|
| Voltage (V) | 220V 1PH 50HZ |
| Power (Kw)  | 1.0           |
| Current (A) | 4.6           |

## FEATURES

- Quickly and efficiently heat clean seal caps in one motion
- Accepts 22mm to 80mm seals and fittings
- Perfect for high volume hose assembly areas

## DIMENSIONS (LxWxH)

Machine (mm) 430 x 350 x 250

## WEIGHT

Machine (kg) 8
